

Tri-Parish Preschool March Newsletter

Dear Parents,

This month we will study the amazing ocean. We will follow up our study with a trip Bob's Pet and Pond, Tuesday, March 24th, to see some live saltwater fish. We will also study the diamond shape and learn what an octagon is. Our letters this month will be, S, T, U, V. We will finish up our numbers to 20 and start reviewing. The children have come along way! Keep up the work at home also!

We will have some St. Patrick's fun on March 17th. Be sure to have your child wear green!! We will be looking for Leprechauns and a pot of gold, if the weather cooperates! We will also continue our lesson on the story of Easter.

It's almost Spring Vacation! March 30th through April 2nd is spring vacation! I hope you enjoy some quality time with your beautiful children, and travel safely if that is in your plans.

God Bless you.

Lisbeth Fry
